

# momentor

Enlighten, Encourage, Enable

## **Achieve Performance Improvement**

Momentor, developed by Dr Ken Nowack, US based psychologist, is a state of the art online wizard supporting competency development . It can be used standalone or linking with client company specific competency framework, or “ViewSuite360” competency assessment tool.

This practical tool provides powerful follow up support to competency assessment relating to performance appraisal, talent development, coaching & mentoring

## **Engage Talents for Continuous Learning**

Momentor enlightens talents with clear feedback on competencies, gain insights on development goals & practical action items; it further enables them to conduct self-directed learning continuously throughout the year, leveraging most updated learning resources. Sustainable behavioral change and performance improvement can be achieved only when talents are enabled with a structured process , support, and reinforced through immediate positive feedback
