

Psychometric Assessment Tool

Designed for Business | Global Application

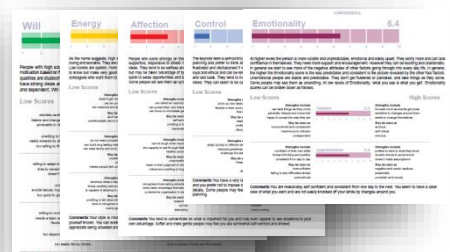

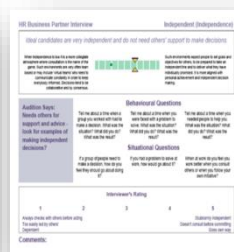

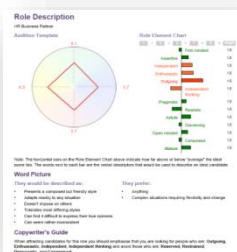

Facet5, developed by Mr. Norman Buckley is a scientific, advanced and comprehensive personality test, based on the internationally recognized industry benchmark “Big Five model” of human personality and work behaviors. It is built on this robust scientific model and developed into an effective, practical business tool.

Facet5 helps managers, business leaders and HR professionals understand staff's:

- Personality dispositions
- Behavioral inclinations
- Intrinsic motivation
- Stress vulnerability and reaction
- Key work competencies and potentials

It can **support all the stages of Talent Management** – from talent acquisition, selection, development to team integration.

Up to date, there are users in over 60 countries and >1M reports have been produced

Assessment Plus Limited is the appointed distributor of Greater China Region.
